Jigsaw knowledge and skills progression: Healthy Me Ages 3-11(12)

Jigsaw, the mindful approach to PSHE is a progressive and spiral scheme of learning. In planning the lessons, Jigsaw PSHE ensures that learning from previous years is revisited and extended, adding new concepts, knowledge and skills, year on year as appropriate. The table below draws out the **spiral** knowledge and skills progression within the Healthy Me Puzzle (unit of work) including the key vocabulary introduced this year and suggestions for Family Learning. Please ask your child's school for details of any adaptations they have made to the programme in line with their school policy as some content and vocabulary may have been changed or be taught in a different year group.
